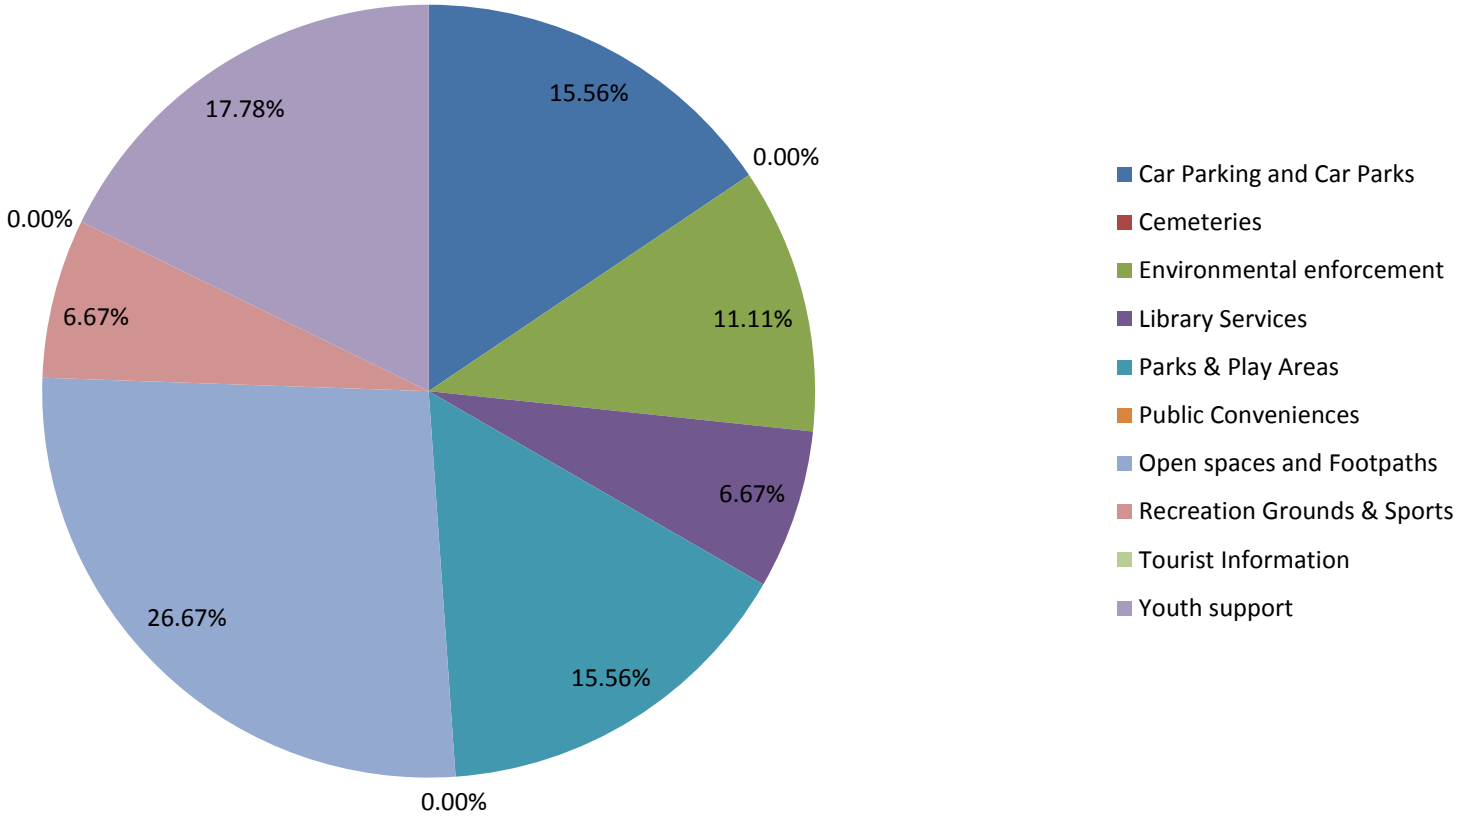
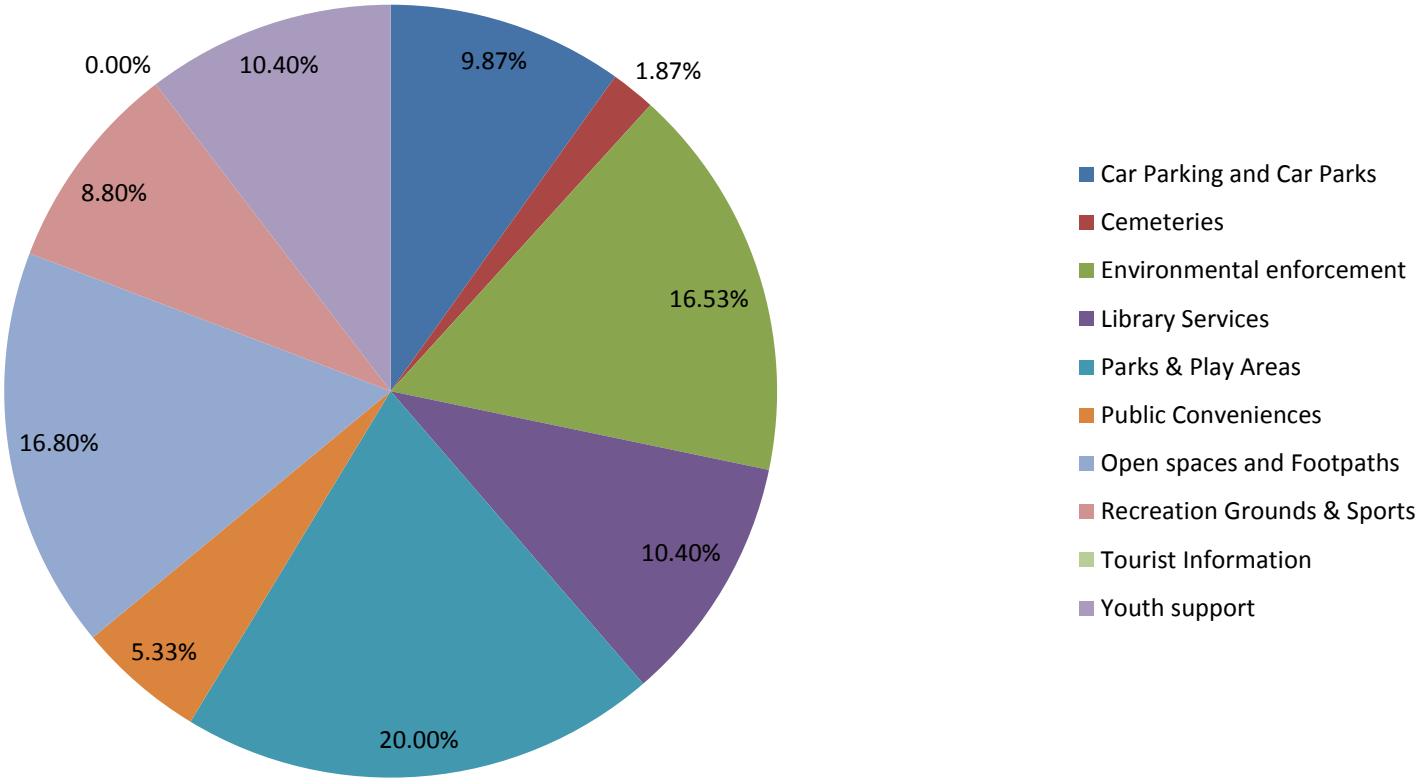
Percentage response by age group

- 18-24 3 .43%
- 25-34 24 3.40%
- 35-44 42 5.96%
- 45-64 222 31.49%
- 65+ 377 53.48%

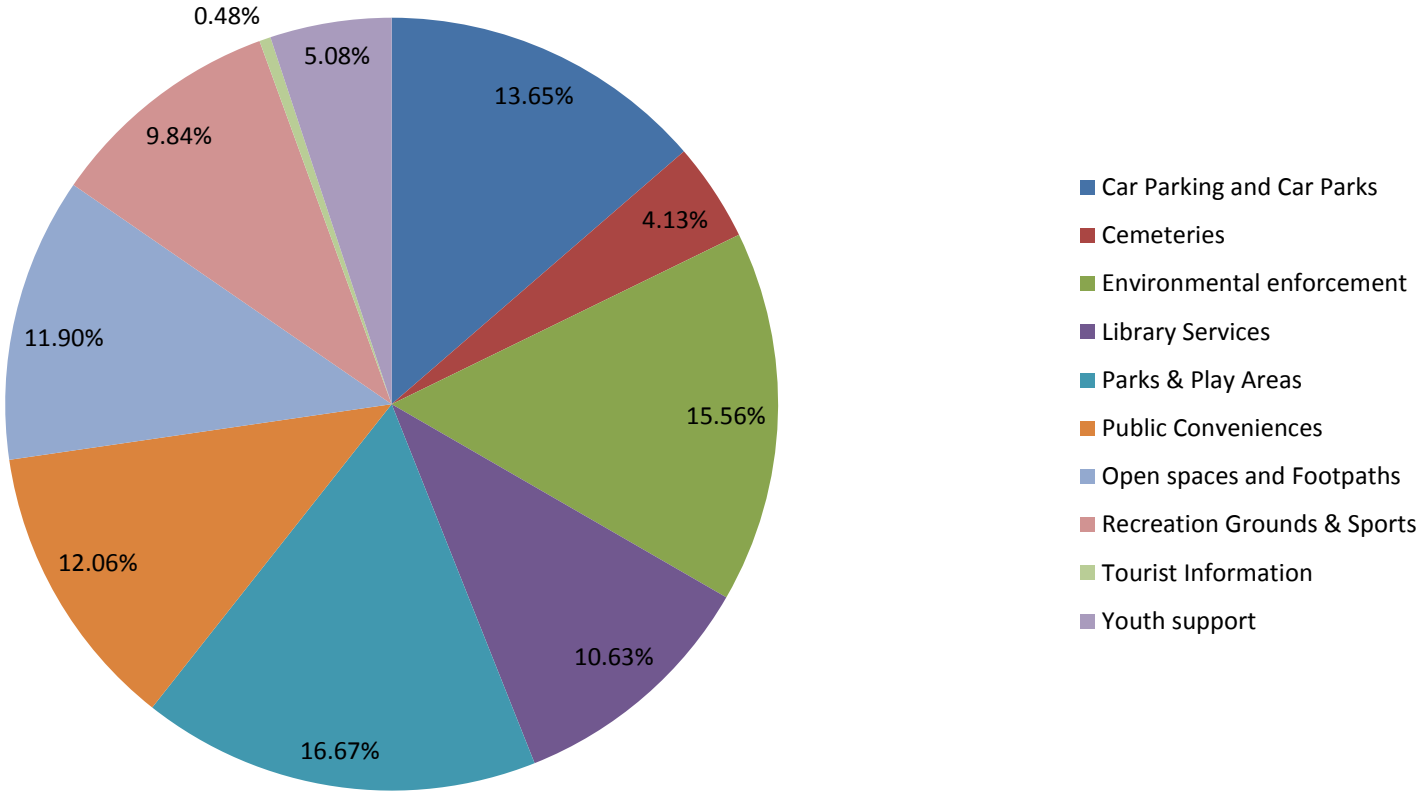
Cumulative preferences by Age: 18-24



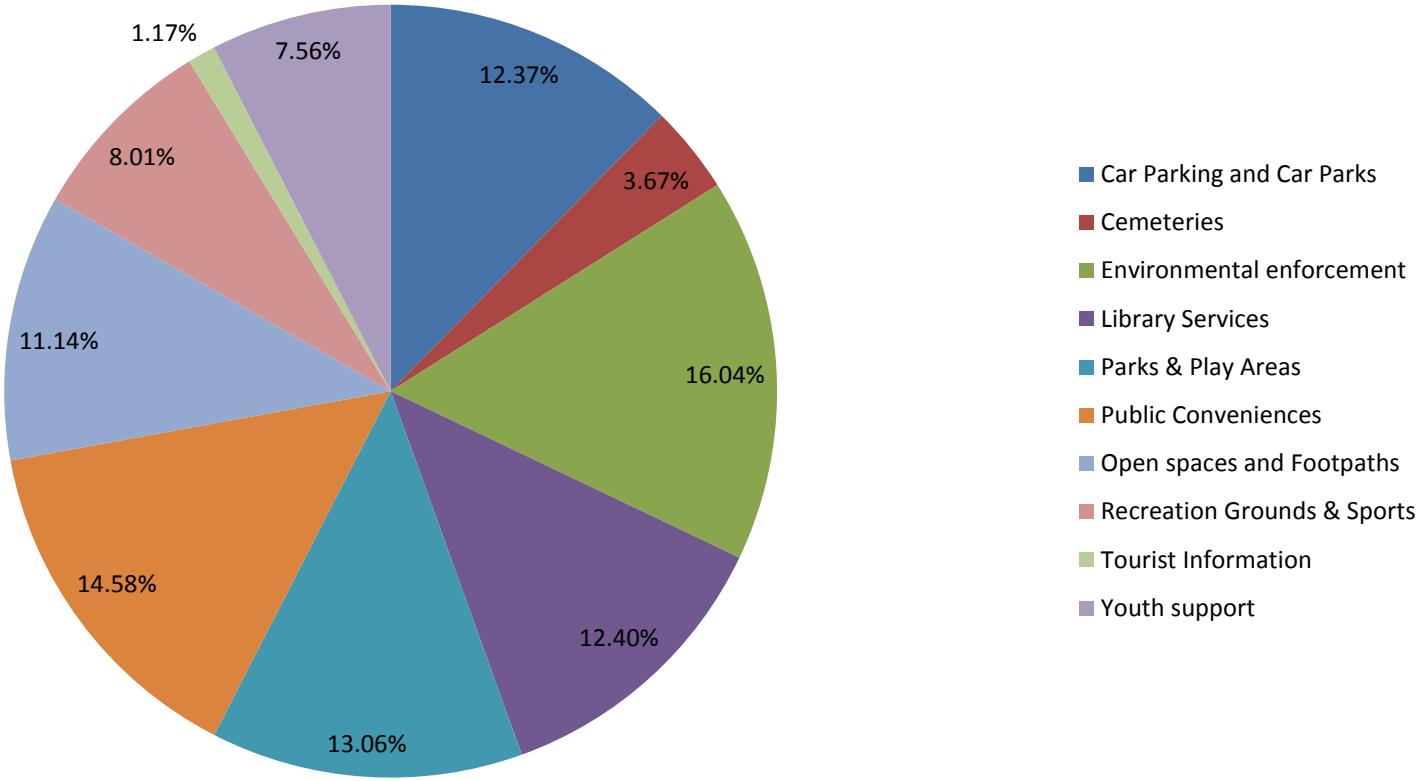
Cumulative preferences by Age: 25-34



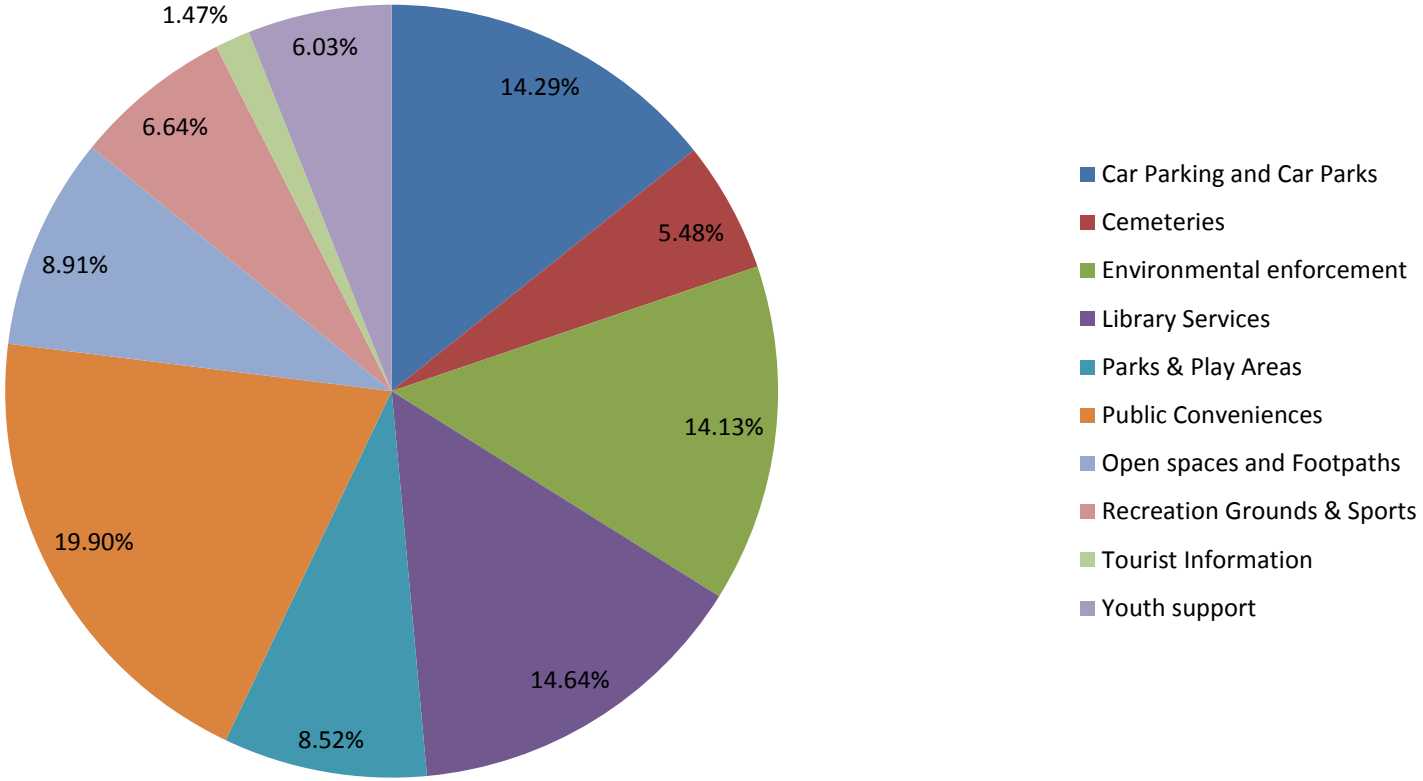
Cumulative preferences by Age:35-44



Cumulative preferences by Age: 45-64



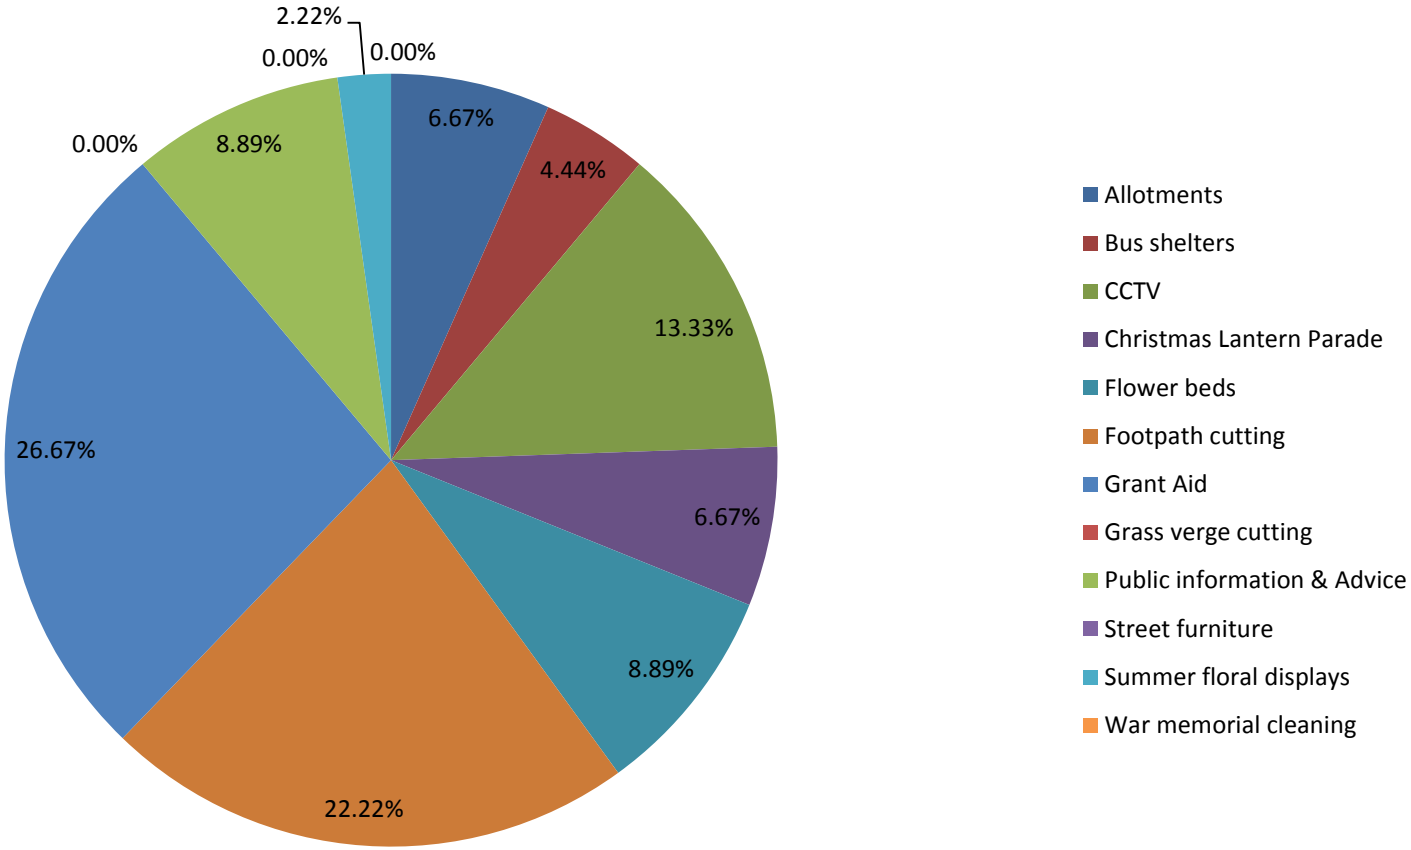
Cumulative preferences by Age: 65+



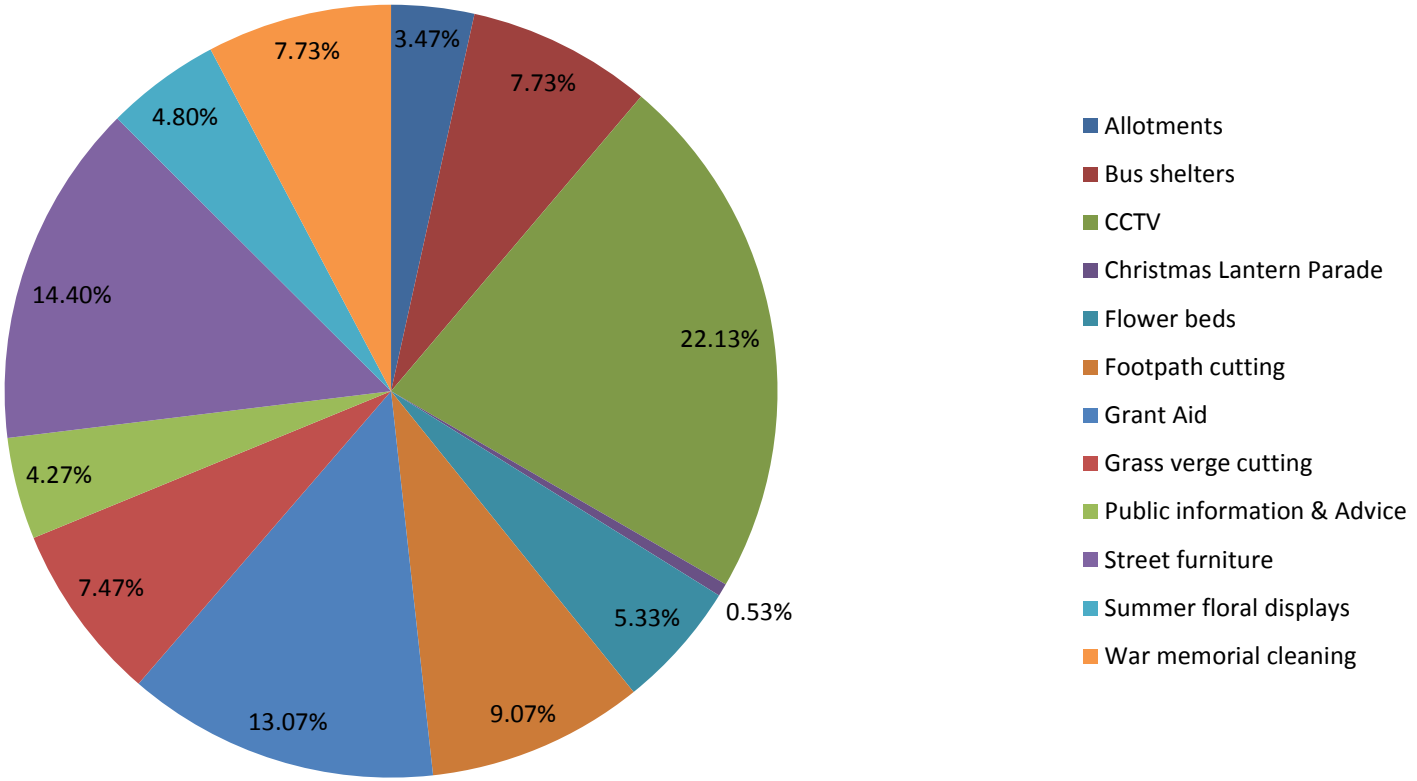
For consideration..

- Although number of respondents from younger age group not sufficient to be representative some clear trends can be identified
- The importance of public conveniences grows with age
- Open spaces, parks and play areas, youth support services are more important to younger respondents
- Car parking/ car parks and environmental enforcement received consistent support across all age groups

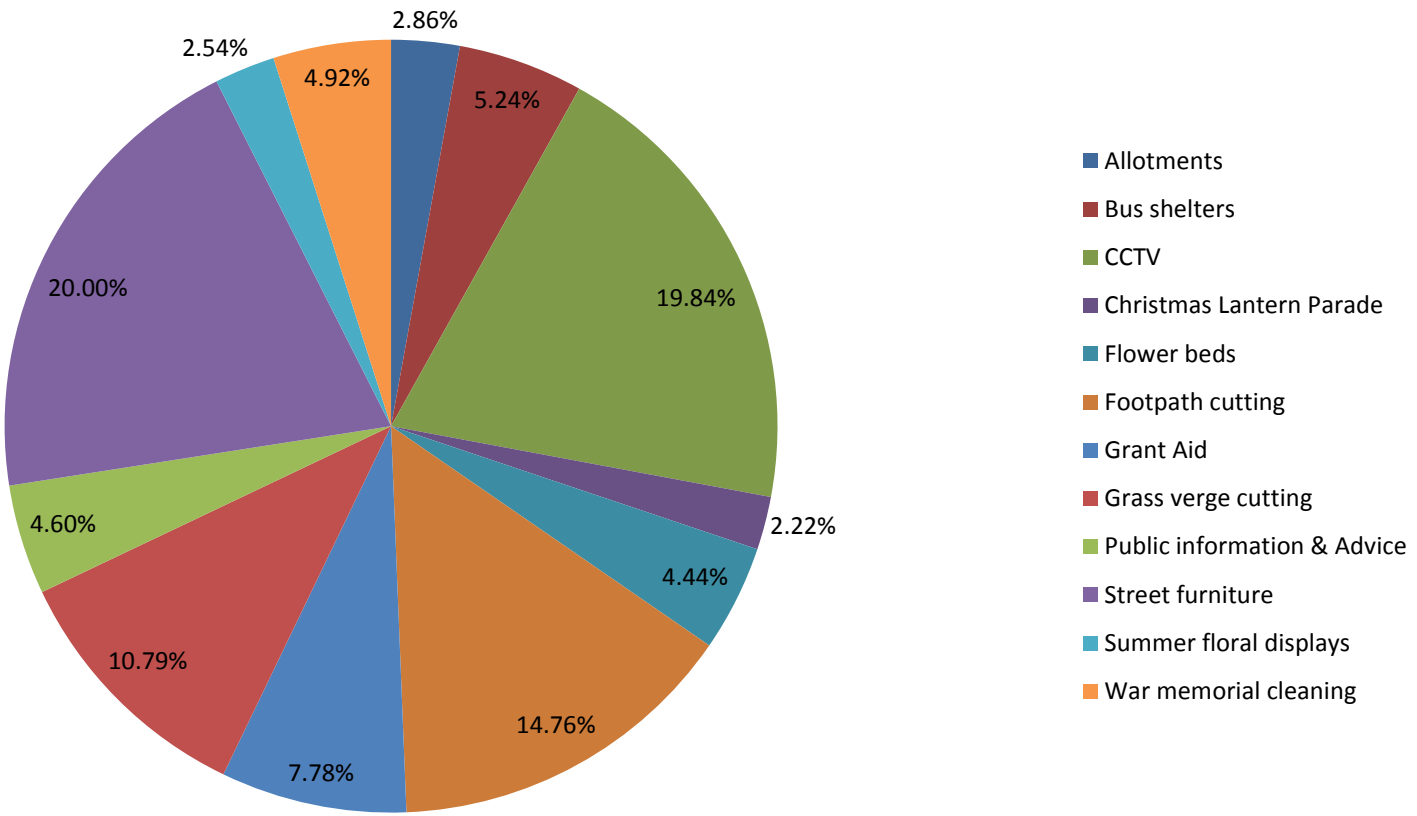
Camborne Town Council Services cumulative preferences by Age: 18-24



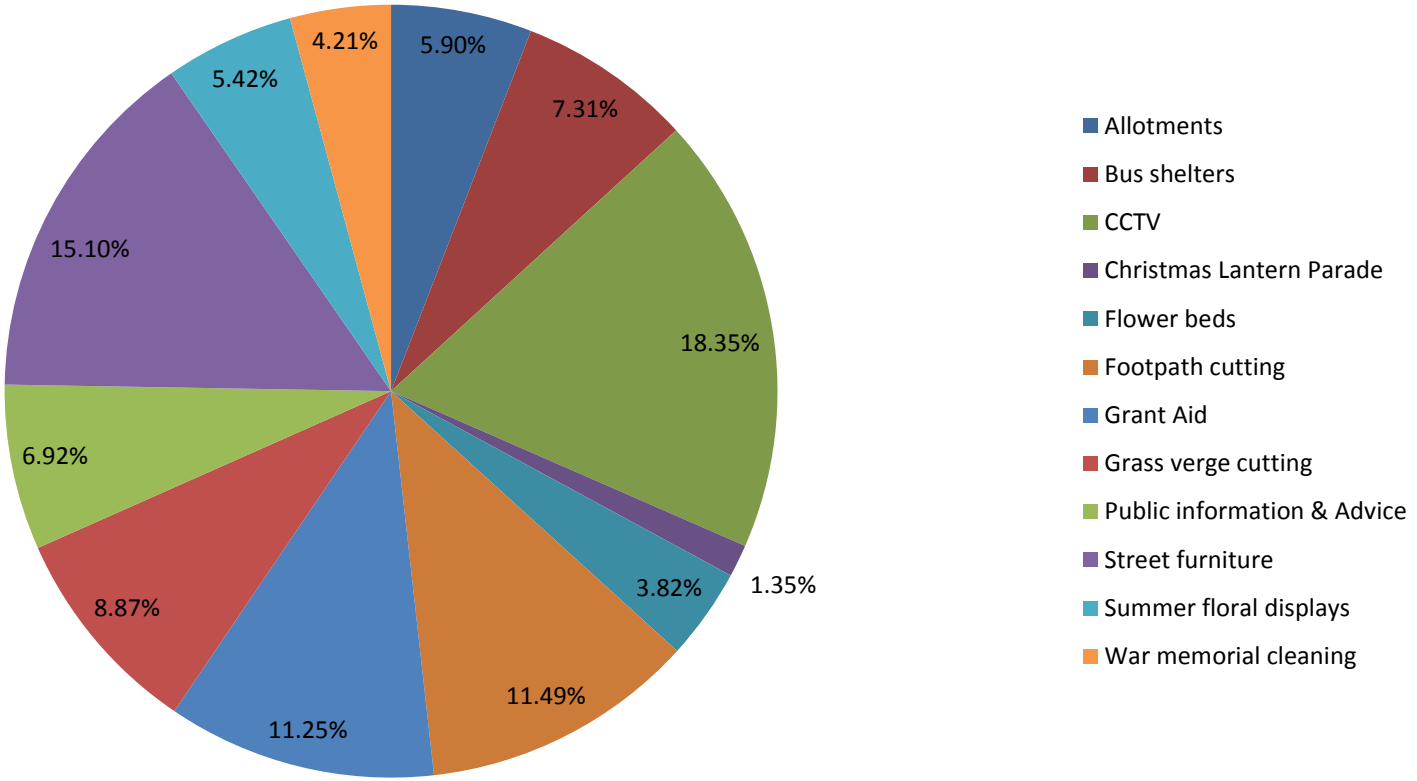
Camborne Town Council Services cumulative preferences by Age: 25-34



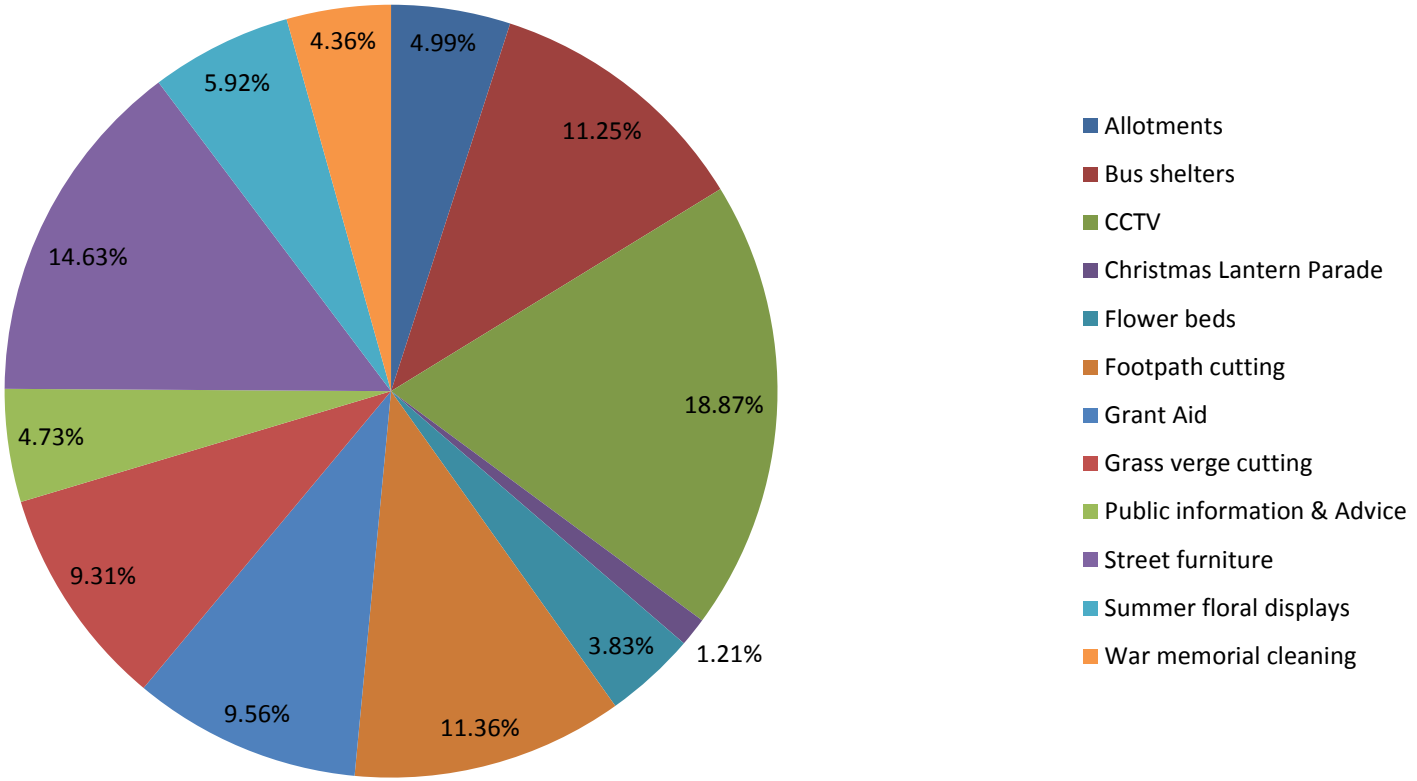
Camborne Town Council Services Cumulative Preferences by Age: 35-44



Camborne Town Council Services Cumulative Preferences by Age: 45-64



Camborne Town Council Services Cumulative Preferences by Age; 65+



Issues to consider

- Split between Parks, Open Spaces and Recreation Grounds;
- Delivery of services
- Current budget allocation to existing services – is it representative of residents' views?
- Demographic differences in preference
