

## Risk Assessment Policy

### Background

The greatest risk facing a Parish Council is that it is unable to continue its business as defined by law. Managing risk covers dealing with financial matters, issues of health and safety and ensuring plans are in place to achieve the Council's objectives. The failure to manage risks effectively can be expensive items in terms of litigation, reputation and the ability of the Council to achieve desired targets.

The new approach to the auditing of local councils places the responsibility on local councils to strengthen governance arrangements. It shows local government as open and accountable, assuring the council taxpayer that all is well. Councillors are ultimately responsible for identifying and managing risk in relation to what the Council is trying to achieve.

The Council has evaluated how likely it is that a risk is present in any activity and the potential consequences (financial loss, difficulties in meeting its legal obligations etc.) Some consequences may not have an immediate financial impact but could have an adverse effect on the Council's standing in the community. The assessment of potential impact need not be any more complex than classifying each impact as *high*, *medium* or *low*. This assessment enables the Council to decide which risks it should pay most attention to when considering what measures to take to manage the risks.

### Method

The Council

- (a) Identified key risks facing the Council in achieving its objectives and priorities;

- (b) Evaluated the potential consequences to the council if an event identified as a risk takes place; and
- (c) Decided upon appropriate measures to avoid, reduce or control the risk and its consequences;
- (d) Published a plan for the review of systems and procedures;
- (e) Continued the practice of maintaining the minutes of meetings as an essential record of the review and management of risk;
- (f) Considered establishing a protocol for the use of council-owned computers and other equipment;
- (g) Agreed that the activities listed in the Appendices are an accurate list of current practices.

All items within the Town Council ownership are identified within the Council's insurance policy schedule and are insured for replacement value.

The Council carries public liability in respect of all its activities.
- *The risk of consequential loss of income or the need to provide essential services following critical damage, loss or non-performance by a third party.*  
This risk is insured as consequential loss
