**CAMBORNE TOWN COUNCIL
PLANNING & DEVELOPMENT COMMITTEE 18th APRIL 2017**

The Committee considered Appendix 2 planning applications received from Cornwall Council and it was duly proposed and seconded that Cornwall Council be advised accordingly.

A Member of the public spoke in objection to planning application PA17/054. There had been only one positive change to the design of the dwelling where an elevation that had previously been shown as render had been changed to stone. Otherwise, there remained serious concerns regarding several aspects of the development. These were:

- Overlooking of properties situated to the west of the site;
- The inadequate size of 5m parking bays proposed for use by two cars;
- Lack of measures to mitigate flood risk.
- Safety of access.
- Adverse effect on visual amenity.
- Over large development for the site

He hoped that, in the event of Planning Officers being minded to approve the application, that the local ward member would take this application to the West Area Planning Committee for a decision.

P.3623.2 RESOLVED: to recommend that Cornwall Council refuses Planning Application 17/0054 due to overlooking and access issues and inadequate Sustainable Urban Drainage Systems

Proposed by Councillor Atherfold
Seconded by Councillor Dalley

On a vote being taken the matter was approved unanimously.

The member of the public left the meeting at 6.48pm.

The Chairman informed the Committee that Planning Application PA/050 would be withdrawn as there was not a Tree Preservation Order on the tree in question. The Chairman left the room and Councillor Godolphin chaired the meeting while the Committee considered Planning Application 17/053. Councillor Chalker had been allocated this application but had been unable to submit a report due to ill health. It was, therefore, agreed that there was insufficient information available to take a robust view of the application.
